# SPONSORSHIP PROPOSAL

The lingering effects of COVID-19, the resulting shutdowns, and isolations still affect us today. The negative consequences of these instances include not only severe economic consequences, but also mental and emotion strain caused by the disruption in relationships and social networks.

In an effort to cultivate healing and reconnection within our communities, Stronger Together Now, Tomorrow's World, Creative Grounds through Monolith, and Black Voice News have joined forces to create a unifying event for the Inland Empire community called The Giving Gala.

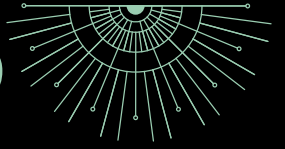

As an in-person event, it will allow our community to engage with one another while celebrating in the presence of local artists, leadership, and orgs who are joining us in an effort to provide these services for our community.

As a sponsor, you will be partnering with us to provide this and many of STN's events as a free public service, which are held at no cost to the community. You will also have the opportunity to experience greater exposure and build brand awareness. Our goal is to raise \$20,000 to continue our efforts toward this impactful and consistent support of local artists, vendors, speakers, & performers at STN and STN-partnered events. Help us continue to make a positive impact. Partner with us today!
